

## Title Read-alikes

Look for one of your favourite books using the search bar. The search results page will show you books that relate to your search. Find your favourite book from the list and click on the Title Read-alikes link. You will get a list of suggested titles and the reason why they are being suggested.

You can also find similar titles by selecting the book title from the results page and look at the read-alikes panel that will appear on the new page on the right hand side!

## Series Recommendations

Look for one of your favourite books using the search bar. The search results page will show you books that relate to your search. Find your favourite book from the list and click on the Series Read-alikes link. You will get a list of suggested series and the reason why they are being suggested.

You can also find similar series by selecting the series title from the results page and look at the read-alikes panel that will appear on the new page on the right hand side!

## Search More

On the bottom of each individual book is a **Search More** section. Click on the factors that appeal to you most and run a search. NoveList will give you books that have these factors!

## Questions?

NoveList has a **Help** option on the top right of their websites.

## Reader's Advisory

Reader's Advisory services help you find the right book. NoveList Plus and NoveList Plus K-8 take this process to a whole new level. Either sites will help you get down to the nitty gritty of why you enjoy a book and find other books with those features.

### NoveList Plus K-8

A kid-friendly version that limits its suggestions to those appropriate for younger readers.

### NoveList Plus

Makes recommendations without any age restrictions.

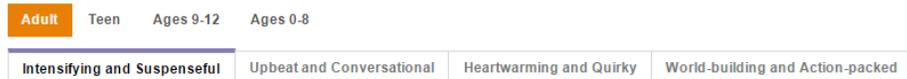

## Recommended Reads Lists

NoveList's Recommended Reads lists are ready-made lists of book recommendations that cover a wide range of genres and topics at all reading levels. They are located on the left side of the homepage directly below the NoveList logo. The lists are organized by genres, reading level, and fiction/nonfiction.

To the right of the Recommended Reads Lists you can also take a look at different lists compiled based on some of the factors NoveList looks at.

I'm in the mood for books that are...

Take a good look around the home page as it offers tons of lists and resources to help you find a good book!

## Get Personal Recommendations

Try using the appeal mixer! This can be found under the **Browse By** menu option and select **Appeal**. Pick the categories that appeal to you and select the factor you crave from your book!

## Make Your Own Appeal Mix

A screenshot of the 'Make Your Own Appeal Mix' form. It contains three dropdown menus, each with the text 'Select a category:' and a downward arrow. Below the dropdowns is a dark grey button labeled 'Find Titles'.

## Author Read-alikes

Look for one of your favourite books using the search bar. The search results page will show you books that relate to your search. Find your favourite book from the list and click on the Author Read-alikes link. You will get a list of suggested authors and the reason why they are being suggested.

You can also find similar authors by selecting the authors name from the results page and look at the read-alikes panel that will appear on the new page on the right hand side!
